WORK EXPERIENCE

Frontend Developer Intern4/21/2023 – 5/27/2023

Pixel8 Web Solutions & Consultancy Inc.

- Utilized front-end development technology stack including Git, Npm, Vue.js, Quasar, and Axios.
- Collaborated closely with the front-end development team to create responsive websites using Vue.js and develop mobile applications using Quasar.

PROJECTS

Worldwide Cuisine Explorer

- Developed a frontend website using the Spoonacular API to showcase a wide variety of cuisines from around the world.
- Utilized Axios to fetch the data from the Spoonacular API, ensuring seamless integration and retrieval of cuisine information.
